The UMass Boston Schedule of Courses

FOR FALL 2008

With information for undergraduate, graduate, and non-degree students about preparing to register and the registration process.

April 2008

Registration on Campus?

Computers offering easy access to registration and schedule updates through the WISER system are in the Campus Center (near the "The One Stop" on the upper level), the Science Center, McCormack and Wheatley Halls, and other locations.

Course descriptions?

They're in the UMass Boston undergraduate and graduate catalogs and at **www.umb.edu/admissions/catalog.html.** If you need a catalog, call 617.287.6000. You can also consult the course catalog in the WISER system.

Schedule Updates?

Course schedule changes are frequent during the registration period. To learn about changes made after this publication went to print, use the WISER registration system.

Registration changes?

If you've already registered and you want to make a change, see "After You Register" on page 10. You can add or drop courses up through September 9.

Weather emergencies?

To find out if classes have been cancelled, after 5:30 a.m. call 617.287.5000, visit www.umb.edu, watch channel 4, 5, or 7, or listen to WUMB, WBUR, WRKO, or WBZ.

Questions?

If you need information about studying at UMass Boston that you can't find in this publication, see "Where to Learn More" on pages 25-28.

Please note that while every effort has been made to ensure the accuracy of the information in this publication, the information is subject to change, and this publication is neither a contract nor an offer to make a contract. This publication is available in alternate format upon request.

First Things First

Getting information before you register

If you have recently been admitted to a degree or certificate program, and are beginning your studies at UMass Boston, you should already have been informed about the process through which you will choose courses and begin registration. If you believe that you need more information, check with the Undergraduate Admissions Office at 617.287.6100 (if you are an undergraduate) or with your program director (if you are a graduate student).

If you are a continuing student enrolled in a degree or certificate program, the university has sent you important information you will need for registration. The information includes a new student ID number, which you will need for access to the new WISER system, and your "enrollment appointment"—that is, the period during which you are eligible to register. As a rule, the more credits you have accumulated, the earlier the enrollment appointment period will begin. If you are concerned because you haven't received this information, you may call the Registrar's Office (617.287.6200) or visit "The One Stop" (CC Upper Level) to check on your status.

You should also be sure, before you register, to discuss your course selections and academic requirements with an appropriate advisor from the University Advising Center or your college, major department, or graduate program.

If you are a graduate student and will not be enrolling for any courses this semester, you are required to pay a $175.00 program fee to maintain continuous enrollment. You must submit the program fee form, signed by your program director, with the $175.00 fee by September 9 to avoid paying the $50.00 late fee.

If you are an undergraduate in the College of Public and Community Service (CPCS) or you want to register for a CPCS course, please see the information on page 15. Registration procedures for CPCS differ from those described in this publication, and involve advising in the CPCS Student Services Office and on-line registration.

If you want to study at UMass Boston without seeking a degree or certificate, please see "Non-Degree Students" on page 16. You are welcome to take nearly any course as long as you are academically prepared for it and space is available (for graduate courses, you will need permission from the graduate program director or, in some cases, the instructor). You may also be able to apply credits you have earned to degree or certificate requirements.

If you want to take an off-campus, Friday evening, Saturday, or on-line course, or any other course or section identified with a "ccde" code in this publication, please see the information on page 12. These courses, which are administered by the University's Division of Corporate, Continuing, and Distance Education, are like other UMass Boston courses in terms of their substance and relationship to degree requirements, but the charges, and dates for them differ from those for most courses listed in this publication.

If you are neither a citizen nor a permanent resident of the United States, please see "Information for International Students" on page 20.

We encourage you to review course descriptions for all courses you might want to take. You can find them in the UMass Boston *Undergraduate Catalog* and *Graduate Bulletin,* the *Corporate, Continuing and Distance Education Bulletin* (for off-campus and weekend courses), and also at the UMass Boston web site. To find out how to obtain one of these publications, call 617.287.6000. To view them on the web, visit www.umb.edu/admissions/catalog.html (*Undergraduate Catalog* and *Graduate Bulletin)* or www.ccde.umb.edu (*Corporate, Continuing, and Distance Education*).

Please see "Using this publication" on the following page.

First Things First *(continued)*

Using this publication

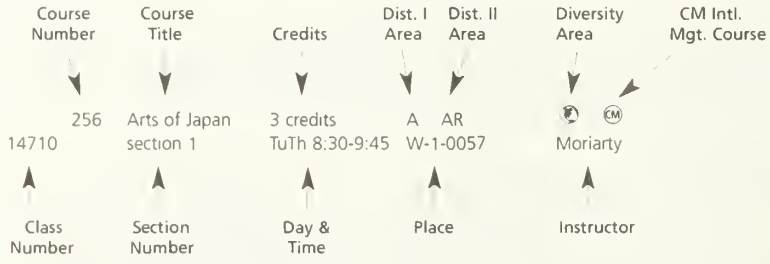
We encourage you to review the sections on:
- "After You Register" (pages 10-11),
- calendar information (page 2 and back cover), and
- tuition, fees, and payments (pages 21-23)

If you are an undergraduate in any college other than CPCS, please be sure to review the "Academic Requirements for Undergraduates" section beginning on page 29. Focus particularly on "Advising and Testing" and on the material that applies to your college.

To use the schedule information, look first in the appropriate section:
- First-Year and Intermediate Seminars (pages 57-60)
- "QR" Courses (page 61)
- College of Liberal Arts Undergraduate Courses (pages 61-87)
- College of Management Undergraduate Courses (pages 87-90)
- College of Nursing and Health Sciences Undergraduate Courses (pages 91-94)
- College of Science and Mathematics Undergraduate Courses (pages 94-102)
- Undergraduate Education Courses (page 103)
- University Honors Program Courses (page 104)
- Graduate Courses (pages 106-126)

Then look for the appropriate department or program heading, for example,
Art (ART)

Courses are grouped under these headings. For each course, you can find information like this:



You can use this information, together with the worksheet on the following page, to plan your schedule. Please note that evening courses are identified by a star (★). Courses administered by the Division of Corporate, Continuing, and Distance Education are identified by the code "ccde" (see pages 12-14 for more information about "ccde" courses).

If you still have questions, see "Where to Learn More" on pages 25-28.

To register, continue to pages 6-9.

How to Register Through the "WISER" Web System

What you can do

If you are
- an undergraduate in any college other than CPCS
- a graduate student
- a continuing undergraduate non-degree student

You can
- register for a course or section
- add or drop a course or section after having previously registered
- see a list of the courses for which you are registered

To do so, see "A Quick Guide to Registration Procedures" on pages 7-9. Please also review "Adding and Dropping Courses" on page 10.

You can also
- register (if you are an undergraduate) to take a course pass/fail, or change pass/fail status to normal grading status
- withdraw from a course

To do so, see "Taking Courses Pass/Fail" and "Withdrawing from Courses" on page 10.

But please note...
- You cannot use the system to register for 100G-level courses (First-Year Seminars) or undergraduate CPCS courses.
- WISER has many other useful self-service functions. This publication focuses only on the registration process.

When to register

First, remember that you can register only during your "enrollment appointment" or access period–the period during which you are eligible to register. During this period, you can use the WISER registration system on any day at any time except between 12:00 midnight and 2:00am.

To register or to add or drop a course
- if you are a continuing student, access WISER no later than September 9. If you have not already conferred with the appropriate advisor, be sure to do so.
- if you are a new student, access WISER after conferring with the appropriate advisor, and no later than September 9.

To add a course, access WISER
- no later than September 9.

To make or change a pass/fail selection, access WISER
- no later than November 6. Please see "Taking Courses Pass/Fail" on page 10.

To withdraw from a course, access WISER
- from September 10 through November 6. Please see "Withdrawing from Courses" on page 10.

A Quick Guide to Registration Procedures

UMass Boston students register, and add and drop courses, through the web-based WISER student self-service system. At the WISER home page, wiser.umb.edu, you'll find links for many different services, including registration. You'll also find instructions for using these services. Below is a brief guide to registration. For tips that may help you speed the registration process, see the following two pages.

Here's what you'll need

Your eight-digit student ID number. If you have forgotten it, you can look it up through a link on the WISER home page. Your user ID for WISER is the letters UMS followed by your student ID.

Your password. Your initial password consists of:
- the first letter of your last name in upper case
- the second letter of your last name in lower case
- your date of birth in the format MMDDYYYY.

The first time you use this initial password, the system will tell you how to change it to a secure password for future use.

The "class number" of each section you want to register for. Looking up class numbers during the registration process will be time-consuming, so we recommend making a list in advance. You can find a class number for each section in this publication to the left of the section number. But since we went to print sections have been added or cancelled, and other changes may also have been made. Before registering, you should therefore check the WISER Schedule of Classes, which is updated frequently.

How to check class availability and find class numbers

Go to http://wiser.umb.edu, click on "Student Self-Service," and log in. Use your User ID and password. You will then be on the "Learner Services" home page.

Click on "Course Catalog and Schedule" and "View Schedule of Classes." Then select your "Institution" (University of Mass Boston), enter the term number for fall 2008 (1810), and click on Advanced Search.

If you know the class number and want to check the availability of a section listed in this publication, search with the class number.

To find class numbers and learn about the availability of other courses and sections, we recommend searching by "Subject" and "Catalog Number." See "Tips for WISER Registration" on the following pages for a list of subject codes.

How to register, or add, drop, or swap classes, or take classes pass/fail

Go to http://wiser.umb.edu, click on "Student Self-Service," and log in. Use your User ID and password. You will then be on the "Learner Services" home page.

Go to "Academics" and "Add/Drop/Swap a Class." Then select the fall 2008 term. If you have previously registered, your current schedule will be displayed. Otherwise no classes will be displayed. Note the links at the bottom of the page.

To register, use "Add Classes." Click on "Add Classes" even if you are registering for the first time. Type the class number in the "Class Nbr field." Repeat these steps for every section you want, then click "Submit." Note: Some courses require you to register for more than one section (e.g., lab, lecture, and discussion). The section for which you must register first will be marked with a star or a check symbol. If you are registering for a variable-credit course, be sure to enter the correct number of credits.

To add a class and drop another at the same time, use "Swap Classes." Click on "Swap Classes," then enter the class number of the class you want to take in the "Swap to Class Nbr" box to the right of the class you want to drop. Then click "Submit."

To drop or withdraw from a class, use "Drop/Update Classes." Click on "Drop/Update Classes" and select "Drop" in the action field to the left of the class you want to drop. Repeat these steps for every class you want to drop, then click "Submit." Note that if you follow this procedure after the add/drop deadline but before the withdrawal deadline, you will be considered withdrawn from the class.

To take a class pass/fail, use "Drop/Update Classes." Click on "Drop/Update" classes and select "Update" in the action field for the class in question. Then click on the "Graded" link, click on "Optional Pass/Fail, and click "Submit." (To switch from "Optional Pass/Fail" to "Graded," reverse this procedure.

The wild card function may help with course searches.

If you are searching for information about a large number of courses (such as all courses offered in a particular subject area), you may find that the number of courses exceeds the system's limit. The wild card function will allow you to narrow your search and get results. Select "Wildcard," and use an underscore (_) to represent any character at a specific location in string of digits. For example, "2 _ _" will yield all 200-level courses.

If you want to see the description of a particular course, or to see when all sections of a course are scheduled, you will need the exact "catalog number" (for example, the "101" in ENGL 101). To search by catalog number, select "exact match" when you enter the number.

You can get information by clicking on

The magnifying glass symbol leads to a "lookup" function and various important lists.

These definitions may help with terminology.

WISER's environment uses unfamiliar terms in place of some of the academic language normally used at UMass Boston and other colleges and universities. When the terms are familiar, they may be used in unfamiliar ways. The following table will help you translate.

PeopleSoft term	*Equivalent normally used at UMass Boston*
Academic organization	College, department, or program (an administrative unit)
Catalog number	The number that, in combination with a subject area code, identifies a course (101 is the catalog number for ENGL 101).
Class component	A kind of class: lecture, lab, seminar, or studio
Class number	Schedule number (required for registration)
Course career	A category to which courses in the system have been assigned. For courses listed in this publication, select "Undergraduate" or "Graduate."
Course catalog	A database of course descriptions. The "course catalog" does not include descriptions of academic programs and requirements and is therefore not equivalent to UMass Boston's *Undergraduate Catalog and Graduate Bulletin*.
Course ID	A system-generated number identifying a course. Each course is also identified, for most purposes, by the combination of its subject area code and its catalog number.
Enroll	Register (for an individual class)
Enrollment appointment	Access period. That is, the period assigned to a student during which that student may register for a semester's courses.
Permission number	A number provided by the instructor of a class that allows a student to register when registration has previously been blocked (for any of several reasons).
Subject area	Academic discipline
Institution	In this context, UMass Boston, UMass Lowell, or UMass Dartmouth
Term	Semester. But "term" also refers to the CCDE winter session, and to CCDE sessions during a given summer, considered as a unit.
Unit	Credit

After You Register

Adding and Dropping Courses

What: After your initial registration, you may add (register for) one or more additional courses, or drop (cancel your registration for) any course for which you have registered. You should not drop required courses, such as a First-Year or Intermediate Seminar or a QR course, without consulting your advisor.

When: You may add or drop courses up through September 9, 2008. The WISER system will be available daily except between 12:00 midnight and 2:00a.m.

How: To add and drop courses, use the Web registration system and follow the instructions on page 7.

Waiting Lists, Confirmation Notices, Filled Courses

If you have been moved from a waiting list to an official class list, the course will appear on your schedule with the status ENROLLED. If it appears with the status WAITING, you are not registered for the course. If you are still interested in taking the course, and the WISER system indicates that no space is available, please follow the instructions below:

- **Undergraduate students:** Contact the instructor (in the case of College of Liberal Arts and College of Science and Mathematics courses) or the student services office (in the case of the other colleges). The decision of the instructor or the department will be final.
- **Graduate students:** Go to the class. If there is space available, the professor must give you a permission number to allow you to register for the course. The permission number must be used no later than September 9.

Taking Courses Pass/Fail

What: If you are an undergraduate, you may take one course each semester on a pass/fail basis, up to a maximum of eight. (Mandatory pass/fail courses do not count toward this limit.) If you successfully complete the course, you will earn a grade of "P," and the course will be counted toward your graduation requirements, although it will not affect your cumulative grade point average. The grade of "F" will count as a failure and will lower your cumulative grade point average accordingly. Please note: The requirements of your college, major, or program may not permit you to take certain courses pass/fail. Be sure to check these requirements carefully.

When: The pass/fail deadline is November 6. You can make pass/fail arrangements at any time after your initial registration until the deadline. The WISER system will be available daily from 7:00am to 9:00pm.

How: To take a course pass/fail, or to change pass/fail status to normal status, use the touch-tone or web system and follow the instructions on page 7.

Remember! 1) Be sure to check the requirements of your college or program before choosing the pass/fail option. 2) You cannot cancel a pass/fail choice after the deadline.

Withdrawing from Courses

What: You may withdraw from any individual course. If you do so, you will be given a grade of "W," which will remain on your record but will not affect your cumulative grade point average. You may register for the course in another semester. You should not withdraw from required courses, such as a First-Year or Intermediate Seminar or a QR course, without consulting your advisor.

When: The course withdrawal deadline is November 6. You may withdraw at any time after September 9 until the deadline.

How: To withdraw from a course, or to cancel a course withdrawal, use the WISER registration system and follow the instructions on page 7.

Remember! 1) If you do not attend classes, you will not be withdrawn automatically. Unless your instructor takes attendance and submits a grade of "NA" to the Registrar's Office, you will receive a grade of "F" for the course. 2) You cannot cancel a withdrawal after the deadline. 3) To be eligible for a refund, you must withdraw from the university—that is, withdraw from all your courses—early in the semester. (See the information on the next page and on page 22.)

Withdrawing or Taking a Leave of Absence from the University

What: If necessary, you may withdraw from all your courses, which is considered withdrawing from the university. You may also take a leave of absence. In either case, you will be given a grade of "W" for each course, which will remain on your record but will not affect your cumulative grade point average. If you withdraw early enough in the semester, you may be eligible for a partial refund (see page 22).

When: You may withdraw from the university or take a leave of absence as late as the last day of classes of a semester. The effective date of withdrawal will be the date on which all required forms are completed and returned to the appropriate offices.

How: You must confer with an appropriate advisor (for example, a staff member in the University Advising Center, a member of your dean's office staff, or your graduate program director) and complete and submit a withdrawal form. You must also receive clearance from any university office in which you have incurred financial charges.

Note: Students absent from the university for four or more consecutive semesters are subject to all requirements and policies in effect the semester they return.

Retaking Courses

As a rule, you may retake a course once, regardless of the grade you received the first time. In such cases, both grades will appear on your transcript, but only the second grade will count toward your cumulative average. In all cases, the second iteration of the course must be identical to the first. If you are an undergraduate, you may retake a total of four courses, one time each.

Exceptions to this rule are as follows:

- You may not retake a course if it is a prerequisite for a more advanced course that you have already taken and passed. For example, if you have passed Spanish 102, you may not retake Spanish 101.
- Certain courses (many Special Topics and Independent Study courses, among others) have been designated as "repeatable for credit." A poor grade in such a course *cannot* be replaced by a grade from a later retake of the course. Instead, each grade will count toward your cumulative average, end each time you pass such a course you will earn credits. For a complete listing of undergraduate courses of this kind, check with the Office of Undergraduate Studies.
- Certain colleges and/or majors may have stricter limitations on which or how many courses may be retaken. We advise you to check with your major department before retaking any course.

If you urgently need to retake an undergraduate course (for example, to meet a major requirement), but the policy described above prohibits doing so, you may appeal before registering to the Office of Undergraduate Studies. Under no circumstances, however, will you be allowed to retake a prerequisite for a more advanced course that you have already passed.

Note: You may repeat the equivalent of a UMass Boston course at another institution, and receive transfer credit for that course, only if you originally received an F in the UMass Boston course.

CLA, CSM, and CNHS Students Please Note!

The deadline for completing the Writing Proficiency Requirement is important for you. For details, see pages 48-51. (This requirement applies to students in the College of Liberal Arts, the College of Science and Mathematics, and the College of Nursing and Health Sciences.)

CM students do not take the Writing Proficiency Exam. Instead, they take BC290, Professional Written Communication and Critical Analysis.

"CCDE" Courses

For the convenience of students UMass Boston offers a number of courses at off-campus locations including Braintree (Braintree High School), Plymouth (Cordage Commerce Center), downtown Boston (Copley Square), and at the university on Friday evenings and Saturdays, as well as additional sections of courses scheduled during the week or delivered online via the World Wide Web. These courses and sections, which are administered by the university's Division of Corporate, Continuing, and Distance Education, are identified in the schedule by the code "ccde." They are like other UMass Boston courses and sections in terms of their substance and applicability to degree requirements, but the registration procedures, charges, and dates for them differ somewhat.

REGISTERING IN PERSON, BY PHONE, AND ON THE WEB

Degree-seeking students may register for "ccde" courses through WISER from the beginning of their regular access period through September 9.

Non-degree students may register from July 28 through September 20:

- In person at "The One Stop" (Campus Center, Upper Level)
  Mondays-Thursdays, 8:30am-6:00pm, Fridays 10:00am-4:00pm
  and Friday, September 12, 10:00am-7:00pm; Saturday, September 13, 8:00am-4:00pm
- Online at www.ccde.umb.edu
- By fax to 617.287.7902, using a registration form that can be downloaded at www.ccde.umb.edu and found in the CCDE Bulletin (for a copy, call 617.287.7900)

If you have questions about "ccde" registration, please call 617.287.6200.

Please note that students registering after the first class meeting must obtain the instructor's written permission. Students registering after September 3 must pay a $25 late fee.

PLEASE NOTE

Costs and Calendars

For information about costs, or other additional information about registration for "ccde" courses, please call 617.287.6200. Please do not refer to the "Tuition, Payments, and Fees" section of this publication.

For information about course dates and deadlines, see "Registration-Related Dates to Remember" on page 2 and the complete academic calendar on the back cover.

Placement Testing for Computer Science, Math, English Composition, and ESL Courses

Before registering for math courses up through #140, you will be required to take a diagnostic placement test in math. New degree-seeking students are required to take a diagnostic placement test in reading and writing as part of the orientation process. Non-degree students who wish to take English composition courses (English 101, 101E, 102, and 102E) or ESL courses (ESL 100A through 100F) will be required to have their writing skills tested during the first class session. Non-degree ESL students are encouraged to have their writing skills evaluated before registering. Evaluations can be arranged at the Testing Center (M-3-0612). For details and testing dates, please see "Testing" on page 32.

Regulations for Non-Degree Students

UMass Boston's academic regulations apply to students who are taking courses without having been admitted to degree programs. Please be sure to read the "Important Regulations and Requirements" beginning on page 19.

Professional Degree and Certificate Programs

The Division of Corporate, Continuing, and Distance Education offers credit and non-credit professional programs to meet the needs of various business and professional groups, individuals seeking instruction in specialized fields or special skill development, and those who simply wish to explore new areas of interest. Most classes are scheduled during the evening, and some are available online.

The following degree and certificate programs are currently offered either entirely or in part through CCDE.

Undergraduate Certificate
- Community Media and Technology
- Fundamentals of Information Technology
- Geographic Information Technologies

- MEd in School Counseling

Non-Credit Certificate
- Alcoholism/Chemical Dependency Treatment Services
- Human Resources Management
- Information Design and Development
- Project Management
- Urban Landscape and Garden Development

To learn more about these certificate programs and other professional training opportunities, call the division at 617.287.7900, email them at continuing.education@umb.edu, or visit the Corporate, Continuing, and Distance Education web site at www.ccde.umb.edu.

Online Courses

UMass Boston offers a growing selection of undergraduate and graduate courses in an online, web-based format that are open to students throughout the world who meet the prerequisites. Online courses follow the semester-based calendar of CCDE's off-campus courses, but students "attend" each week when and where they wish. Students interact with the instructor via e-mail, chat rooms, telephone, fax, and mail. Courses include exercises, readings, projects, on-line discussions, chat rooms, live chat, illustrations, and video. As an enrichment of the on-line learning experience, most classes offer optional on-campus class meetings.

Online courses follow the same curriculum and carry the same academic credit as their counterparts taught live in the classroom. A number of degree and certificate programs are available. They include:

- Adapting Curriculum Frameworks For All Learners (graduate certificate)
- Applied Linguistics (MA degree)
- Community Media and Technology (undergraduate certificate)
- Community Studies (BA degree completion)
- Critical and Creative Thinking (graduate certificate)
- Family Therapy (MS degree)
- Gerontology (MS degree and graduate certificate)
- Instructional Design (MEd degree)
- Instructional Technology Design (graduate certificate)
- Instructional Technology for Educators (graduate certificate)
- Mental Health Counseling (MS degree)
- Nurse Practitioner (graduate certificate)
- Rehabilitation Counseling (MS degree)
- RN to BS Degree Completion (undergraduate degree)
- School Counseling (MEd degree)

To learn about specific on-line courses offerings for the current semester and technical requirements for participating, or to obtain other information about online learning, visit www.ccde.umb.edu/dl or contact Kitty Galaitsis at 617.287.7925 or katharine.galaitsis@umb.edu.

Remember!

- **You are financially responsible for any course(s) for which you remain registered after September 9.**
- **You are expected to attend all scheduled classes. The instructor has the right to exclude you from a course if you are absent from the first two or more classes, regardless of the registration deadline. If you do not attend a course or are asked to leave, you must officially drop or withdraw from the course to avoid a failing grade.**

College of Public and Community Service (CPCS) Courses

REGISTRATION FOR CPCS STUDENTS

Information about registration for students in the College of Public and Community Service (CPCS) is contained in a separate publication, *The CPCS Instructional Activity Book,* which is available in the CPCS Office of Student Services (W/4/151). CPCS Students now use a special online registration system to select their courses and competencies. Information about the system is available in the CPCS Office of Student Services.

Each CPCS student will receive, from the Registrar's Office, an "Invitation to Register" that will include that student's access period for registration. Each student should initiate registration during this access period to avoid a late charge and ensure enrollment in selected learning activities. If you do not receive an Invitation to Register, contact the Registrar's Office at 617.287.6200. All other questions regarding CPCS registration should be directed to the CPCS Office of Student Services (W-4-0151; 617.287.7120).

REGISTRATION FOR NON-CPCS STUDENTS

Non-CPCS students may enroll in many CPCS courses. Interested students should call or visit the CPCS Office of Student Services (W-4-0151; 617.287.7120), where information about these courses will be available.

Please note: When students register for CPCS courses they also register for related "competencies." It is only these competencies for which they are billed and earn academic credit; the competencies related to these courses are equivalent to three credits each. Non-CPCS students should be sure to talk with their advisors about applying CPCS courses to non-CPCS requirements.

Non-Degree Students

UMass Boston offers many opportunities for non-degree students—that is, students who have not been formally admitted into the university. Many of these students take courses in order to sample UMass Boston's offerings and strengthen their skills before applying for admission to a degree or certificate program. Others enroll because individual courses can help them advance in their current careers or prepare for new careers, or simply because they seek the personal growth and enrichment that university study can give them.

In this publication's schedule listings, you will find courses offered on weekdays and Saturdays at UMass Boston's campus, and on weekdays at several off-campus locations. For the convenience of working students, many courses meet during late afternoon or evening hours (these courses are identified in the schedule listings with a star).

If you are interested in attending UMass Boston as a non-degree student, you should know that:
- you can take any course for which you meet the prerequisites, and in which space is available (for graduate courses you will also need the permission of the graduate program director),
- you can call or visit us for academic advising before you register for undergraduate courses,
- you can often use credits you earn as a non-degree student to meet UMass Boston degree requirements, but be sure to speak with an appropriate advisor about how your credits can be applied. Be aware that some required courses are not open to non-degree students, and that no more than six graduate credits can be applied toward a graduate degree.
- your UMass Boston ID will entitle you the use of all university facilities, and
- you'll be welcome!

Please note: The information below about registration and costs applies to most courses offered at the UMass Boston campus. Additional courses and sections, most of them offered at off-campus locations, and at UMass Boston on Friday evenings and Saturdays, are administered by the University's Division of Corporate, Continuing, and Distance Education, and are identified in the schedule by the code "ccde." They are like other UMass Boston courses and sections in terms of their substance, faculty, and relationship to degree requirements, but the registration procedures, charges, and dates for them differ somewhat. Please see "CCDE Courses"on pages 12-14.

If you have F-1 visa status, you may not enroll as a non-degree student at UMass Boston unless you are also enrolled full-time at the institution that issued your I-20. For details, please see "Information for International Students" on page 20.

NON-DEGREE REGISTRATION FOR UNDERGRADUATE COURSES

When to Register

Regular undergraduate non-degree registration will begin at a date to be announced (please check www.registrar.umb.edu after July 15 for further information). It will continue through September 9.

During the registration period, walk-in registration, as well as academic advising, will be available during the following hours:

Monday - Thursday	9:00am-6:00pm
Friday	10:00am-4:00pm

Late registration is possible (see page 19), but a wider selection of courses will be available if you register earlier.

How and Where to Register

Come to "The One Stop," which is on the upper level of the Campus Center, during the registration period (see the dates and hours above). The staff will give you detailed information about registration, courses, and locations, as well as the appropriate forms. (Please also see "Payments for Non-Degree Students" on page 20.) We recommend that you bring unofficial transcripts from any college you have attended should you need to demonstrate that you have met course prerequisites.

Academic Advising

We encourage you to visit the university during the regular non-degree registration period for academic advising before you register (see the hours on page 18). Come to "The One Stop" to meet with an advisor and discuss your course selections and your academic plans. We recommend that you bring unofficial transcripts from any colleges you have attended.

Please note: Advising can be particularly important because many courses have prerequisites that students must meet before enrolling. At the university you can consult the UMass Boston *Undergraduate Catalog* for information about courses and prerequisites. The catalog is also available in most public libraries and at www.umb.edu/admissions/catalog.html. Please see "Where to Learn More" on pages 25-28. If you have questions about the registration process, call 617.287.6200.

NON-DEGREE REGISTRATION FOR GRADUATE COURSES

When to Register

Registration schedules vary according to program. In the case of some programs, registration for non-degree students begins shortly before classes begin; other programs begin registration some weeks earlier. For information, contact the appropriate graduate program director, using the directory on the next page. Please remember that classes begin September 2, and that the final deadline for course registrations is September 9. Be sure to register as early as possible. The sooner you begin, the greater your chances will be of finding space in the course(s) you want.

How to Register

First, contact the appropriate graduate program office to discuss your preparation for the course or courses you are interested in and the availability of space in any course you wish to take. If you are eligible, you will receive a registration form carrying an approval signature.

Once you have obtained this form, take it to "The One Stop" (Campus Center, Upper Level). For registration period hours, see page 21. You will be required to submit payment with your form: please see "Payments for Non-Degree Students" on page 20.

Please note: We encourage you to consult the UMass Boston *Graduate Bulletin* for program and course descriptions and information about prerequisites. Copies of the bulletin are available at the Graduate Admissions Office and at most public libraries. You can obtain a copy by mail from the university by calling 617.287.6000, but you should be aware that your copy may not reach you for a week. You can also find information from the *Graduate Bulletin* at www.umb.edu/admissions/catalog.html. Please see "Where to Learn More" on pages 25-28.

IMPORTANT REGULATIONS AND REQUIREMENTS FOR NON-DEGREE STUDENTS

Academic Regulations

The university's academic regulations apply to non-degree students, just as they do to other UMass Boston students. All students should consult the university's *Undergraduate Catalog* or *Graduate Bulletin* for information about academic programs and requirements. The following minimum retention standards are of critical importance.

Course Level	Required Minimum Grade Point Average
Undergraduate	**2.00**
Graduate	**3.00**

- If a student's cumulative average at the end of any semester has fallen below the required level, that student may not be permitted to take UMass Boston courses in future semesters. The cumulative average will be based on grades for all UMass Boston courses that the student has taken as a non-degree student at any time.

- If a non-degree student is admitted to an undergraduate degree program, that student may count credits earned as a non-degree student toward the degree, subject to the approval of the appropriate academic dean. We strongly recommend an early transition to degree-seeking status. Certain required courses are open only to degree-seeking students.
- No more than 6 credits earned as a graduate non-degree student may be applied toward a graduate degree or certificate.
- Any undergraduate student may choose to take one course per semester or summer on a pass/fail basis, up to a maximum of eight. The course must be chosen before the appropriate pass/fail deadline in the academic calendar. If the student successfully completes the course, it will count toward degree requirements. See "Taking Courses Pass/Fail" on page 10.
- Graduate students may not take any courses on a pass/fail basis.

Placement Testing for Computer Science, Math, English Composition, and ESL Courses

Before registering for math courses up through #140, you will be required to take a diagnostic placement test. If you wish to take English composition courses (English 101, 101E, 102, 102E) or ESL courses (ESL 100A-100F), you will be required to have your writing skills tested during the first class session. For details, please see "Testing" on page 30.

International Students Please Note!

No student with F-1 visa status may register at UMass Boston as a non-degree student unless the student is also registered for a full course of study at the institution that has issued the student's I-20. If you are not studying full-time at the school that issued your I-20, you are out of status with the INS. Students on other visa statuses (such as F-2, J-2, H-4, H-1B) usually do not need to be studying full-time or in a degree program. Check the conditions for your particular status. For more information, please see "Information for International Students" on page 20.

LATE REGISTRATION FOR NON-DEGREE STUDENTS

Late registration will be possible during the period from September 2 through September 9. To register for undergraduate courses, come to "The One Stop" (Campus Center, Upper Level). For registration period hours, please call 617.287.6200. The staff will give you detailed information about registration, courses, and locations, as well as the appropriate forms.

To register for graduate courses, follow the procedures described in "Non-Degree Registration for Graduate Courses" on page 17.

Please note: Registration for fall semester, off-campus and "ccde" Saturday courses is possible through September 20. There is a $25 late fee. Please see "CCDE Courses on pages 12-14 and the academic calendar on the back cover.

PAYMENTS FOR NON-DEGREE STUDENTS

Tuition and Fees

For tuition and fee rates, please see "Tuition, Fees, and Payments" on pages 21-23. Please note that the payment procedures described there apply to degree-seeking students.

Paying for Courses

You must pay in full no later than September 9. You may pay with cash at the Bursar's Office (Campus Center, 4th Floor) or with a check, cashier's check, or money order at the Bursar's Office or "The One Stop" (Campus Center, Upper Level). If you are a continuing student, you may pay online by E-check or with a credit card. For credit card payments, American Express, MasterCard, and Discover are accepted; there is a 2.5% service fee. For further information about paying online, visit www.umb.edu/students/bursar/OnLinePayment.shtml.

Information for International Students

If you have or seek F-1 visa status, and you want to seek a degree at UMass Boston,

- you must apply to and be accepted into a degree program at UMass Boston;
- you must submit acceptable financial documentation to the UMass Boston Undergraduate or Graduate Admissions Office, in order to receive an I-20;
- you must receive and sign your UMass Boston I-20;
- you must register for and complete a full course of study at UMass Boston each semester (12 credits for undergraduate students, 9 for graduate students);
- you must attend the New Student Conference and INS Workshop to process your documents, where you will learn more about the conditions you must follow. Information about these events will be mailed to you.

If you are transferring from another institution, your old I-20 will no longer be valid.
You must receive a new UMass Boston I-20. It is extremely important that you attend the New Student Conference and USCIS Workshop at UMass Boston, so that we can notify the USCIS of your transfer.

If you have F-1 visa status, and you want to attend UMass Boston as a non-degree student,

- you must also be taking a full course of study at another college or university, and you must have a valid I-20 from that school.
- If you are no longer attending another college or university, and you wish to study at UMass Boston, you must be admitted to a UMass Boston degree program (see the instructions above).
- If you do not follow these regulations, you will be out of status with the USCIS.

If you have a visa status other than F-1, different conditions apply.

- If you have J-1 status, you should also be a full-time student but must follow other, different regulations. Call Lurlene Van Buren at the University Advising Center with questions (617.287.5500).
- Students with many other visa statuses, especially dependent statuses (J-2, H-4, E-2, L-2, etc.) or working statuses (H-1B, etc.) do not need to maintain full-time enrollment. Check the conditions for your particular status.

Tuition, Fees, and Payments

Your Financial Obligation

If you register for any course, and are accepted into it, you must pay for the course in full unless you:
- drop the course by September 9 (see "Adding and Dropping Courses" on page 10), or
- withdraw from all your courses early enough to be eligible for a refund (see "Withdrawing from the University" on page 10 and "Refunds of Tuition and Fees" on page 22).

You will be financially responsible for any course for which you remain registered after September 9 even if you
- withdraw from all your courses after the fifth week of classes,
- withdraw from the individual course after September 9, or
- receive a grade of "NA."

Please see "Current Tuition and Fees" on page 23.

Paying on Time

The due date for paying your tuition and fees appears on your most recent bill from the UMass Boston Bursar's Office. You must pay your bill by the initial due date. Any one of the following three actions, or a combination of two or three, will meet this requirement:
- Full payment by the due date of all charges.
- Enrollment and active participation in the interest free tuition payment plan offered through Sallie Mae (for information, call 1.800.635.0120 or visit www.TuitionPayEnroll.com/umb).
- Official notification received by the Bursar's Office of eligibility for financial aid that will cover all of your charges or the remaining balance in your account.

If you have not paid by the initial due date, you will be subject to late fees, you will have an administrative hold put on your record, and you will still be held responsible for paying your bill.

How to Pay

You can pay your bill by mail or in person.
- To pay by mail, follow the instructions on your bill.
- Cash payments must be made at the Bursar's Office (Campus Center, 4th Floor).
- Payments by check, cashier's check, or money order may be made in person at the Bursar's Office or "The One Stop" (Campus Center, Upper Level).
- Online payments may be made by E-check or with a credit card. For credit card payments, American Express, MasterCard, and Discover are accepted; there is a 2.5% service fee. For further information about paying online, visit www.umb.edu/students/bursar/OnLinePayment.shtml.

University Payment Policy

University policy requires that no registration be considered complete until the semester charges are paid in full. Charges are computed on the basis of courses/programs for which students are registered. Initial bills are sent in July (for the fall semester) and in December (for the spring semester) to all students who have already registered.

Late registrants are billed after the add/drop deadline. Note: Non-degree students must pay in full at the time of registration. Follow-up billings will be made periodically, reflecting any additional charges, payments, or credits that have occurred within the semester period. Each student must pay all charges in full prior to the due date indicated on the initial bill to avoid late charges or cancellation of registration and financial aid. No time or deferred payments are allowed by the university.

Remember!

- **You are financially responsible for any course(s) for which you remain registered after September 9.**
- **You are expected to attend all scheduled classes. The instructor has the right to exclude you from a course if you are absent from the first two or more classes, regardless of the registration deadline.**
- **If you do not attend a course or are asked to leave, you must officially drop or withdraw from the course to avoid a failing grade.**

Overdue accounts will be considered sufficient cause for cancellation of registration, as university regulations prohibit final registration, graduation, or granting of credit for any student whose account with the university is unpaid. Any delinquent accounts will be cause for administrative withdrawal and must be paid prior to readmission to the university. Unpaid accounts will be referred for collection action, to include collection costs of 25% added to the outstanding bill.

Refunds of Tuition and Fees

To be eligible for a refund, a student must withdraw from the university—that is, withdraw from all courses for which he or she has registered (see page 11). The normal withdrawal refund schedule is below; students who are receiving federal financial aid may be subject to a different policy. For further information, contact the Financial Aid Services Office.

Date of Withdrawal	Percentage Refunded
Before the first class meeting	100%
During the first two weeks of classes	80%
During the third week of classes	60%
During the fourth week of classes	40%
During the fifth week of classes	20%
After the fifth week of classes	No Refund

Residency Reclassification

If you have been classified as not a resident of Massachusetts and you wish to appeal for reclassification as a Massachusetts resident, you must file your appeal no later than September 9. Forms and information are available at "The One Stop."

Tuition Surcharge Policy

Undergraduates who earn more than 118% of the credits required for graduation must pay for additional credits at the non-resident rate. Normally the surcharge will apply to credits beyond a total of 141. There are several exceptions to this policy:

- Students who transfer into UMass Boston are exempt.
- Credits earned at other institutions after a student enrolls at UMass Boston, and transferred in, do not count toward the total.
- Credits earned through the Division of Corporate, Continuing, and Distance Education do not count toward the total.
- Credits earned for programs requiring more than the normal 120 do not count toward the total.

Please note:

The costs of offering most UMass Boston course sections have been met in part with financial support from the Commonwealth of Massachusetts. Due to a reduction in the state appropriation to the university, a number of these sections no longer have state support. In order to continue to offer them, the university offers them without state support through its Division of Corporate, Continuing, and Distance Education*. The schedules for these course sections, and the procedures for registering and paying for them, are as described in this publication. However, charges for them appear separately on Bursar's Office bills as "non-state course fees." Students continue to be charged for a maximum of 12 credits, and will be billed first for state-supported courses. This means (for example) that a student who takes 15 credits, 9 of which are state-supported, will be billed for 9 state-supported credits and 3 non-state-supported credits. The course fees for non-state-supported courses will be the same per credit as the in-state tuition charges shown on page 23.

*These non-state-supported sections are not those identified in this publication as "ccde" sections.

Undergraduate Teacher Education

This program, located in the Graduate College of Education, offers students in the Colleges of Liberal Arts and Science and Mathematics a four-semester sequence of education courses and field work through which they prepare for initial licensure at the elementary, middle school, and secondary levels.

Honors Program

The Honors Program offers exceptional academic opportunities for all qualified undergraduates.

Advising and Testing

ACADEMIC ADVISING

We strongly encourage you to confer with the appropriate advisor about your course selections and academic requirements before attempting to register. For most students, advising before registration is a requirement, and this may be the case for you. You can find knowledgeable advisors in the offices listed below.

- **If you are in the College of Liberal Arts or the College of Science and Mathematics and you have not declared a major,** seek advising in the University Advising Center (see below).
- **If you are in the College of Liberal Arts or the College of Science and Mathematics and you *have* declared a major,** seek advising in your major department (see the list of locations and phone numbers on page 27). For matters not related to your major, you can also use the services of the University Advising Center (see below).
- **If you are in the College of Management and you have not declared a concentration,** go to the University Advising Center (see below).
- **If you are in the College of Management and you *have* declared a concentration,** seek advising in your concentration department (see the list of locations and phone numbers on page 27). You can also get information in the college's Undergraduate Program Office (M-5-0603; 617.287.7760) and use the services of the University Advising Center for matters not related to your concentration (see below).
- **If you are in the College of Nursing and Health Sciences, including the Exercise and Health Sciences Department**, see the faculty advisor who has been assigned to you, or go to the college's Student Affairs Office (S-2-0015; 617.287.7500).
- **If you are in the College of Public and Community Service,** seek advising from your faculty advisor or in the college's Student Services Office (W-4-0151; 617.287.7120).

THE UNIVERSITY ADVISING CENTER

The University Advising Center provides many services, including

- academic advising for Liberal Arts, Science and Mathematics, and Management students who have not declared majors or concentrations.
- advising for students interested in careers related to medicine and law.
- access to study-abroad programs and the National Student Exchange Program
- advising for international students (see "Information for International Students" on page 20).

You can call or visit the center at:
Location: CC-1-1100
Hours: M-Th, 8:30am-6:00pm. F, 8:30am-5:00pm.
(Summer and vacation hours are M-F, 8:30am-5:00pm.)
Phone: 617.287.5500
Email: uac@umb.edu

TESTING

Appropriate preparation is especially important for students taking certain introductory courses, and the university wants to be certain that students in these courses have the skills they need for success. The university therefore uses diagnostic testing to place students in the courses that will serve them best.

The Math Diagnostic Test

Before registering for math courses up through MATH 140 (Calculus I), computer science courses up through CS110 (Introduction to Computing), or any QR course, students must demonstrate their skills by taking a diagnostic test, unless they have completed the appropriate prerequisite course(s) at UMass Boston (transfer equivalences do not count).

All testing sessions take place in the UMass Boston Testing Center (CC-UL-0133). There is no fee, and no appointments are necessary. Each test takes approximately one hour. Results can usually be obtained between one and two hours from the time one finishes testing. A photo ID is required at the test session. Calculators, books, or notes are not allowed. Practice exams are available at the Advising Center website: http://uac.umb.edu. For further information, please call 617.287.5522.

The Math Diagnostic Test (continued)

The test will be scheduled as follows during April and May. If one time is given (for example, 2:00pm), please arrive promptly at that time. If two times are given (for example, 1:30-5:30pm), you may arrive at any time between those times but we recommend arriving early, since tests are offered on a space-available basis. For information about additional testing times, visit http://www.uac.umb.edu.

The Reading/Writing Diagnostic Test

Non-degree ESL students who wish to enroll in ESL English composition courses (English 101E or 102E) or ESL courses (ESL 100A through 100F) must have their writing skills assessed before registering. ESL writing assessments will be offered at the same time as math placement examinations. Non-degree students who wish to take English composition courses (English 101 or English 102) can register for either course during the non-degree registration period with the assistance of the non-degree advising staff. These students will be required to have their writing skills tested during the first class session.
Please note: ESL students who are taking courses in the English Language Study Program of the Division of Corporate, Continuing, and Distance Education must meet different testing requirements. For further information about this program, contact Susan Griffin (tel. 617.287.7278; email susan.griffin@umb.edu).

College of Management Assessment

Please note that all CM students are required to talke the College of Management Writing Assessment (CMWA) for proper placement into BC 230 or BC 290. For further information, visit the CM Undergraduate Program Office (M-5-603) or the CM website at www.management.umb.edu/undergrad/undergrad_bca.php.

CLEP EXAMS

CLEP (the College Level Proficiency Examination Program) is a national program through which students can earn college credit for what they already know. The program conducts standardized exams that measure proficiency in college-level areas of history and social sciences, foreign languages, English composition and literature, science and mathematics, business, and the humanities. Please note: As of fall 2002 students may not earn foreign language course credit at UMass Boston with CLEP exam results. Students may only use CLEP exams to demonstrate elementary language proficiency in order to meet a distribution II requirement.

UMass Boston is a CLEP center, and CLEP exams are given here every Thursday. Permission and a reservation are required. For more information, go to the UMass Boston Testing Center (CC-UL-0133).

Location Key

C = Clark Athletic Center
CC = Campus Center
H = Healey Library
M = McCormack Hall
Q = Quinn Administration Building
S = Science Center
W = Wheatley Hall
Locations are given by building, floor, and room, in that order.
For example, W-1-0012 means Wheatley Hall, first floor, room 0012.

The General Education Requirement

UMass Boston began implementing a new General Education Program in fall 2000. Its requirements vary according to the academic year in which students have matriculated, and they also vary from college to college, as do the terms with which they are described. But they typically involve special seminars; a quantitative reasoning course; and writing, distribution, and diversity requirements.

The first goal of the General Education Program is to give students, at the beginning of their college careers, a strong foundation for success in courses they will take later on. More specifically, it will help students:

- engage in critical reading and analysis;
- understand and respect human diversity;
- explore the principal approaches to knowledge;
- learn in depth;
- speak, listen, and write effectively;
- reason logically and quantitatively;
- use technology to further education; and
- work independently and collaboratively.

The program also aims to strengthen students' capacity for learning—and for making their way successfully in the world—throughout their lives.

This publication includes current information about General Education requirements for new and transfer students in the College of Liberal Arts and the College of Science and Mathematics, (see pages 33-40), the College of Management (see page 41-44), and the College of Nursing and Health Sciences, including the Exercise and Health Sciences Department (see pages 45-47). It also includes listings for First-Year and Intermediate Seminars, which many of these students are required to take (see the beginning of the undergraduate schedule section). Information about all College of Public and Community Service requirements can be found in the *CPCS Instructional Activity Book*.

Please note that students absent from the university for four or more consecutive semesters are subject to all requirements and policies in effect the semester they return. The degree audit report you receive after each semester will show your progress toward meeting the requirements that apply to you.

Remember!

- **You are financially responsible for any course(s) for which you remain registered after September 9.**
- **You are expected to attend all scheduled classes. The instructor has the right to exclude you from a course if you are absent from the first two or more classes, regardless of the registration deadline.**
- **If you do not attend a course or are asked to leave, you must officially drop or withdraw from the course to avoid a failing grade.**

College of Liberal Arts
College of Science and Mathematics

Undergraduate study in the College of Liberal Arts (CLA) and the College of Science and Mathematics (CSM) involves preparation in general education; work in a major field of study; and electives that complement the major and provide the breadth and depth of a liberal education. To earn the bachelor's degree, all CLA and CSM students must meet requirements that are briefly described in the following pages.

Since various new requirements have been phased in during the past several years, the requirements that apply to you depend on the semester in which you matriculated (began your degree program). The requirements also vary according to the number of transfer credits you matriculated with, and you can meet some of them with transfer credit.

CHECKLISTS

To keep track of your progress toward your degree, you can use one of two checklists that appear in the next two pages.

- If you matriculated before fall 2002, use checklist A.
- If you matriculated in or after fall 2002, use checklist B.

Further information about your requirements appears on pages 34 through 40. Please also see the advising materials you received during the registration process and consult the *Undergraduate Catalog*.

If you have questions about General Education requirements, visit
http://www.umb.edu/academics/undergraduate/office/gened/gened.html, or
the University Advising Center (CC-1-1100), or
the Undergraduate Studies Office (CC-2-2100).

If you have questions about a major, a minor, or a program of study, confer with your advisor or visit the appropriate academic department.

CLA, CSM, and CNHS Students Please Note!

The deadline for completing the Writing Proficiency Evaluation is important for you. For details, see pages 48-51. (This requirement applies to students in the College of Liberal Arts, the College of Science and Mathematics, and the College of Nursing and Health Sciences.)

CM students do not take the Writing Proficiency Evaluation. Instead, they take BC 290, Professional Written Communication and Critical Analysis.

GENERAL EDUCATION REQUIREMENTS (A SUMMARY)

Requirement	Description, Comments	When to Complete It
Core Applies only if you matriculated before fall 2000 with 29 or fewer credits.	See page 40 for details. If you did not complete this requirement before fall 2002, an Intermediate Seminar is required.	As early as possible.
Distribution I Applies if you matriculated before fall 2002.	Twelve courses in at least six of seven areas of study. See page 37 for details.	As early as possible.
Distribution II Applies if you matriculated in or after fall 2002.	Eleven courses for BA students, nine for BS students, in seven areas of study. Elementary foreign language proficiency is required of BA students. See pages 38-39 for details.	As early as possible.
Diversity Applies to all students.	One or two courses. See pages 52-55 for details.	As early as possible.
First-Year Seminar Applies to many students. See your checklist.	A 100G-level course.	Within your first two semesters.
Freshman Writing Applies to many students. See your checklist.	A year of Freshman English (ENGL 101 or 101E; and 102 or 102E) or demonstrated proficiency equivalent to completion of ENGL 102 or 102E. Note: As a result of placement testing, you may be required to complete another courses before beginning ENGL 101 or 101E.	Within your first two semesters.
Intermediate Seminar Applies to many students. See your checklist.	A 200G-level course	If you matriculated with 0-29 credits: between 30 and 60 credits. If you matriculated with 30-89 credits: during one of your first two semesters.
Quantitative Reasoning Applies to many students. See your checklist.	For the BA degree: To fulfill the QR requirement, one of the following: MATH 114Q, POLSCI 221Q, MATH 115, or placement into MATH129 or higher. Alternately, to waive the QR requirement and also receive a math distribution (M/MT): MATH 125 or higher, ECON 205, or (as of fall 2004) PSYCH 270 or SOCIOL 270 (now 350). For the BS degree: MATH 135 or higher.	If you matriculated with 0-29 credits: by the time you have earned 45 credits. If you matriculated with 30 or more credits: by the end of your first semester.
Writing Proficiency Applies to all students.	An exam or a portfolio of papers. See pages 48-51 for details.	By the time you have earned 75 credits; or, if you matriculated with 75 or more credits, by the end of your first semester.

DISTRIBUTION REQUIREMENT I

(for students who matriculated before fall 2002)

To develop a broad familiarity with the range of human knowledge, students must complete, or earn transfer credit for:

- twelve courses, distributed among
- seven areas of study,
- with the option of omitting one area.

Most 100- and 200-level CLA and CSM courses are assigned to areas of study and count toward this requirement. Such courses are offered by many departments. They are identified in the *Undergraduate Catalog*, and are also identified in the schedule section of this publication by one-letter codes. The areas and their codes are:

- **A** The Arts
- **H** Historical and Cultural Studies
- **P** Philosophical and Humanistic Studies
- **S** Social and Behavioral Sciences
  - **N** Natural Sciences
  - **M** Mathematics and Computer Science
  - **F** Foreign Languages

Please note: Students granted a foreign languages waiver or a mathematics waiver need take only ten courses toward the distribution requirement (or eight, if they are granted both waivers).

Foreign language waiver: Students who present placement scores or transcripts demonstrating proficiency in a foreign language at the level of fourth-semester college work (if they are seeking the BA) or second-semester college work (if they are seeking the BS) will receive a waiver of two courses in the foreign language area. Native speakers of languages other than English are encouraged to apply for this waiver. For information about the waiver, see the appropriate foreign language department or, for languages not taught at UMass Boston, the assistant director of undergraduate studies (CC-2-2100).

Mathematics waiver: Students who present transcripts demonstrating proficiency in mathematics at a level above college calculus II (MATH 141 at UMass Boston) will receive a waiver of two courses in the mathematics area. Students granted this waiver need take only ten courses toward the distribution requirement. For information about this waiver, see the Mathematics Department.

Please note: 114Q is the same course that has previously been given as Inter-D 114. If taken prior to fall 2002 this course may count for distribution requirement in the mathematics area for all students except those who must fulfill the Quantitative Reasoning Requirement (i.e. students matriculating in or after fall 2000).

DISTRIBUTION REQUIREMENT II

(for students who matriculated in or after fall 2002)

To develop a broad familiarity with the range of human knowledge, students must complete, or earn transfer credit for, certain courses in the following areas of study.

- Arts, Humanities
- Natural Sciences, Mathematics
- Social and Behavioral Sciences
- World Languages, World Cultures

Three of the areas are subdivided. Many departments offer courses that meet the distribution requirement, and represent the areas and subdivisions. The courses are identified in this schedule book with two-letter codes. They are to be completed according to the table below. The requirements for the BA degree differ somewhat from those for the BS.

Area	BA Requirements	BS Requirements
AR Arts HU Humanities	3 courses, including both AR and HU	1 AR course and 1 HU course.
MT Mathematics NS Natural Sciences	3 courses, at least one of which must be NS. Any mathematics course must be MATH 125 or higher (and identified as an "MT" course).	4 courses, at least one of which must be NS. Any mathematics course must be MATH 141 or higher (and identified as an "MT" course).
SB Social and Behavioral Sciences	3 courses.	2 courses.
WC World Cultures WL World Languages	Elementary proficiency in a language other than English (see next page) *and* 2 courses, WC or WL or both.	1 WC or WL course (if WL, at 102 level or higher).
Total courses	11 courses.	9 courses.

The Elementary Language Proficiency Requirement (BA Candidates Only)

Students can meet this requirement by

- completing or transferring in a college foreign language course at the 102 level or higher. If a student completes or transfers in two semesters of the same language (such as 101 and 102), the student will also meet the two-course WC/WL requirement.
- completing three years of the same foreign language in high school.
- completing at least one year of secondary or post-secondary education in a non-English-speaking school or university.
- scoring three or higher on an AP exam in a foreign language, or scoring 50 or higher on a CLEP exam in a foreign language.
- demonstrating proficiency to the appropriate language department or, if the language is not taught at UMass Boston, to the assistant director of undergraduate studies.

Please note: Students who have already met this requirement may not take elementary language courses at UMass Boston in the language with which they met the requirement, or transfer such courses to UMass Boston, except in unusual circumstances. For further information about the requirement, please see the chair of the appropriate department.

The Residency Requirement for Students Matriculating Fall 2002 through Spring 2005

Every student who entered UMass Boston with 0-89 credits in the semesters from fall 2002 through spring 2005 must take a certain minimum number of Distribution II courses at UMass Boston, according to the following table.

If a student enters with	the student must take at least
0-29 credits	9 distribution courses at UMass Boston
30-59 credits	6 distribution courses at UMass Boston
60-89 credits	3 distribution courses at UMass Boston
90 or more credits	0 distribution courses at UMass Boston

THE MAJOR

CLA and CSM students must complete the requirements of one of the majors offered by the colleges. In most cases, transfer students must complete a minimum of five courses in their major at UMass Boston. Major requirements are listed by department in the *Undergraduate Catalog*. Students may also design an individual major under the supervision of a faculty member. Information on this option is available from the Undergraduate Studies Office (CC-2-2100).

TOTAL CREDITS

CLA and CSM students must acquire a minimum of 120 credits to graduate, at least 30 of which must be earned at UMass Boston. Please note that the following courses do not count toward this graduation requirement, although they do count toward the semester course load: ESL courses other than 100D; English 099; Math Skills 097, 098, and 099.

GRADE POINT AVERAGE

To graduate, students must achieve a minimum cumulative grade point average of 2.0, calculated only from UMass Boston courses; see the *Undergraduate Catalog* for details. Some majors require a specific average in courses taken toward the major; see the major departments for more information.

ADDITIONAL B.S. DEGREE REQUIREMENTS

In addition to the requirements above, students seeking the BS degree in biology, chemistry, geography, mathematics and computer science, physics, or psychology must complete six semester courses in science or mathematics/computer science outside their major discipline. Specific BS degree requirements for each major appear in the departmental sections of the *Undergraduate Catalog*.

WAIVERS OF WRITING REQUIREMENTS

Under certain conditions, the Verbal Reasoning and Expression (Freshman Writing) Requirement may be waived. For information, see the English Department.

In CLA, CSM, and CNHS, the Writing Proficiency Requirement may not be waived unless you have already earned an undergraduate degree, in which case you may petition for a waiver. For information, go to the Undergraduate Studies Office (CC-2-2100) or visit the Writing Proficiency website (www.umb.edu/academics/wpr).

COURSE LOADS

Students may enroll for no more than 16 credits during their first semester at UMass Boston. After this semester, a student may take additional credits if the student's cumulative grade point average is 3.0, or the average is 3.5 for the previous full-time semester, and written permission is secured from the assistant director of undergraduate studies (CC-2-2100).

REQUIREMENTS OF SPECIAL PROGRAMS

Students enrolled in the following programs should be sure to see the *Undergraduate Catalog* for additional information:

- Management Minor for CLA and CSM Students
- Joint Baccalaureate-MBA
- Undergraduate Teacher Certification

THE CORE REQUIREMENT

(Applies only to students who matriculated before fall 2000 with 29 or fewer credits.)

If you matriculated with 29 or fewer credits before fall 2000, your Core Requirement has changed. Two Core courses are required, not five, and these may be any combination of C100-level and C200-level courses.

Core courses are no longer offered. If you have not already met this revised requirement, you must complete an Intermediate Seminar (a 200G-level course). These seminars are listed according to the departments that offer them, and also in a separate area near the beginning of the undergraduate schedule section. They do not count for distribution credit.

Some former Core courses will continue to be offered, but without the C-designation. If you previously took a Core course and need to repeat it to remove an F or improve the grade, you may take the non-Core version for this purpose. Consult the appropriate department for continuing course offerings.

PLEASE NOTE!

Students absent from the university for four or more consecutive semesters are subject to all requirements and policies in effect the semester they return.

LEVEL I AND II COURSES

Level I and Level II courses are chosen from CAS and/or CSM courses. To meet the Level I requirement, students must successfully complete two courses at any level in each of the following areas: humanities, natural sciences, and social sciences. To meet the Level II requirement, students must complete any four CAS and/or CSM courses at the 200 level or above.

If you matriculated in or after fall 2000 with 0-29 transfer credits, one of the Level I courses must be a First-Year Seminar (a G100-level course). First-Year Seminars scheduled for the upcoming semester are listed at the beginning of the undergraduate schedule section.

Note: Econ 101, Econ 102, and Math 134 cannot count as distribution courses for CM students.

SEMINAR REQUIREMENTS

These requirements depend on the number of credits you transferred to UMass Boston when you began your degree program, according to the following chart. First-Year and Intermediate Seminars scheduled for the upcoming semester are listed at the beginning of the undergraduate schedule section.

Transfer credits you matriculated with	Your seminar requirements
0-29	A First-Year Seminar (a 100G-level course) in your first semester and MGT 330 later as part of your management requirements.
30 or more	MGT 330 taken at UMass Boston; or, if you have received transfer credit for a course equivalent to MGT 330, an Intermediate Seminar (a 200G-level course).

THE DISTRIBUTION REQUIREMENT

Courses that meet the distribution requirement are offered by the College of Liberal Arts (CLA) and the College of Science and Mathematics (CSM) in several areas of knowledge. The areas are identified in the CLA and CSM schedule listings by two-letter codes as follows:

AR	Arts	MT	Mathematics	WL	World Languages
HU	Humanities	SB	Social and Behavioral Sciences	WC	World Cultures
NS	Natural Sciences				

If you began your degree program with 0-89 transfer credits, you must complete a certain number of distribution courses at UMass Boston, according to the following chart.

Transfer credits you matriculated with	Number of distribution courses you must complete at UMass Boston
0-29	At least four
30-59	At least three
60-89	At least one
90 or more	None

THE DIVERSITY AND INTERNATIONAL MANAGEMENT REQUIREMENTS

International Management Requirement Course _____
Diversity Requirement Course _____

All students must complete coursework that fulfills both the diversity requirement and the international management requirement. These requirements are met by level I/II courses, distribution courses, or electives. A single course can meet both requirements simultaneously. Please note that students from foreign countries must choose an international management course emphasizing a country other than their own.

Diversity courses are offered by the College of Liberal Arts (CLA) and the College of Science and Mathematics (CSM). A complete list can be found on pages 53-55. Courses offered during the upcoming semester are identified in the schedule listings with these symbols:

International management courses, offered by CLA, CSM and CM, are listed on the next page.

IMPORTANT POLICIES AND OTHER INFORMATION

- Complete, detailed information about curriculum and graduation requirements can be found in the College of Management (CM) *Undergraduate Program Student Handbook*, which is available in the college's Undergraduate Program Office (M-5-0603). Updated information about CM policies and procedures can be found at www.management.umb.edu/undergrad_policies.php
- 120 credits and fulfillment of all requirements are required for graduation. A minimum of 30 credits must be earned at UMass Boston. CM coursework is sequential. Students must therefore carefully follow curriculum requirements and meet all prerequisites for required courses.
- All CM students receive a degree in management, with a concentration of their choice.
- Once a student has earned 60 credits and has been in CM for at least one semester, he or she declares a concentration in one of the following areas: accounting, finance, information management for finance, information management for marketing, international management, management, management information systems, management science for finance, management science for marketing, marketing, or operations management.
- CM students who have earned more than 60 credits may declare a concentration from January 2 through March 15 and from June 1 through October 1. Forms are available in the CM Undergraduate Program Office and on our website.
- Students who have not declared a concentration should seek advising in the University Advising Center (CC-1-1100, 617.287.5500). Students who have declared a concentration are advised by a faculty member from the department administering their concentration. A list of faculty advisors can be found in the college's Undergraduate Program Office and on the CM website.
- Only non-business electives, general elective courses, and liberal arts distribution/areas of knowledge courses may be taken on a pass/fail basis.
- CM accepts inter-college transfer applications January 2-March 15 and June 1- October 1. For more information, please call the CM Undergraduate Program Office (617.287.7760).
- Students who are not in the College of Management may self-register for AF 210, AF 211, MSIS 110, and MSIS 111 if the proper prerequisites have been met. Non-CM students wishing to register for any other CM courses must obtain permission in the CM Undergraduate Program Office. Non-degree students must submit a copy of their transcript and course descriptions of prerequisite courses with their registration form. If permission is granted, students will be able to register once the appropriate registration period begins.
- Non-CM students may take up to 8 classses (24 credits) in CM. Prerequisites must be met, and, for many classes, permission is required from the Undergraduate Program Office.
- Non-CM degree-seeking students may register for CM courses in the fall semester starting on July 21. Non-degree students may register for these courses starting on August 18. Please contact the CM Undergraduate Program Office (M-5-0603; 617.287.7760) for information and procedures.
- Effective fall 2008, MATH 134 (or MATH 135 or MATH 140) will be required before taking any 300-level courses in the College of Managment. CM students who are not yet able to take one of these math courses due to preparatory math classes required by their math placement exam results should consult with an advisor in the CM Undergraduate Program Office.
- All students must take the College of Management Writing Assessment (CMWA) before registering for BC230 or BC 290. The CMWA is given at various points throughout the semester, and pre-registration is required. For current information, please visit this site: http://www.management.umb.edu/undergrad/undergrad_bca.php

RNs seeking a BS degree should consult the *Corporate, Continuing, and Distance Education Bulletin* for information about this online program.

[2]Other 100-level "G" courses will also meet this requirement.

[3]Note: BIOL 111 is a prerequisite or corequisite for Biol 207, and a prerequisite for BIOL 208 and 209.

[4]Upon entry all students must take the math and English placement exams. CHEM 130 requires strong math skills. Many statistics courses require MATH 114Q, college algebra, or placement into statistics; check the catalog for specific requirements.

[5]A College of Liberal Arts "Arts" (AR) or "Humanities" (HU) distribution course.

[6]NURSNG 212 is the only course that meets the CNHS Intermediate Seminar requirement for nursing students. Credit will not be awarded for another Intermediate Seminar.

[7]A College of Liberal Arts "World Languages" (WL) or "World Cultures" (WC) distribution course.

[8]MATH 125, SOCIOL 350, PSYCH 270, ECON 205, MSIS 111, or EHS 280.

Important Policies for Nursing Students

- Only course work that fulfills a nursing program requirement will transfer. All transfer courses must carry at least 3 credits, or 4 credits in the case of lab courses. Beginning fall 2004, newly matriculated students must have earned a grade of C+ (2.25) or higher in each science or nursing course to be accepted in transfer. To transfer, courses in the natural sciences must have been taken within ten years prior to matriculation in the College of Nursing and Health Sciences (except natural science courses transferred in by RN-BSN students, for which there is no time limit). There is no time limit on other non-nursing courses. Transfer acceptance of nursing courses is determined case by case.
- Beginning fall 2004, to progress in the nursing major, newly matriculated students must achieve a grade of C+ (2.25) or higher in all science and nursing courses. Students must also achieve a cumulative GPA of 2.5 to progress and graduate. They must also complete the Writing Proficiency Evaluation (see pages 48-51) and complete a total of 123 credits, at least 30 at UMass Boston. No course in the worksheet, with the exception of the World Languages/Cultures and Arts/Humanities courses, may be taken pass/fail.
- ESL, OCAS, CRW, MATHSK, and ACDSKL courses do not count toward the total of 123 required credits or toward the GPAs of students applying for inter-college transfer into the nursing program.
- All generic nursing students, must meet with a faculty advisor for registration purposes. Faculty advisors are assigned during the first semester and are available by appointment to discuss any aspect of the undergraduate experience. (All RNs should meet with the RN-BS coordinator about the online RN-BS option.)
- Entry into each clinical nursing course is contingent upon satisfactory completion of academic and clinical clearance requirements (including but not limited to: TB test, Hep B series immunizations, CPR, health insurance, a qualifying Criminal Offender Investigation) and space availability.
- A student's failure to adhere to pre- and/or co-requisite requirements of a course will result in the student's removal from the course.
- Students seeking to transfer into the nursing program from other UMass Boston colleges must file for inter-college transfer by February 1 for the fall semester and November 1 for the spring semester. These students must have completed 12 college-level credits including at least one lab science course at UMass Boston, and have a UMass Boston GPA of 2.75 to be considered for admission. Forms are available at the CNHS office and The One Stop (CC-UL).
- Nursing information sessions are held regularly for non-nursing students who wish more information about our nursing programs and admission requirements. To attend, call 617.287.6000.

EXERCISE AND HEALTH SCIENCES CURRICULUM

All students complete the following basics:

_____English 101 and 102
_____NURSNG 107G First-Year Seminar[a]
_____NURSNG 212 Intermediate Seminar[b]
_____2 Diversity Courses[c]
_____2 WC or WL Distribution Courses[d]
_____2 AR or HU Distribution Courses[d]
_____2 SB Distribution Courses[d], [e]
_____2 Natural Sciences[e], [f]

[a]This or another First-Year Seminar must be taken by students who matriculate with fewer than 30 credits

[b]This or another Intermediate Seminar is required.

[c]EHS 220 and EHS 260 meet this requirement.

[d]AR, HU, SB, WC, and WL identify College of Liberal Arts and College of Science and Mathematics courses in this publication according to distribution requirements they meet. AR=Arts, HU=Humanities, SB=Social and Behavioral Sciences, WC=World Cultures, and WL=World Languages

[e]EHS 340 may be one of these.

[f] BIOL 207 and BIOL 208 meet this requirement.

Writing Proficiency Requirement (WPR)

_____*Must successfully complete before enrolling in EHS 490*

All students complete the following core courses:

_____BIOL 207	Anatomy and Physiology I (Natural Science)
_____BIOL 208	Anatomy and Physiology II (Natural Science)
_____EHS 120	Careers in Exercise and Health
_____EHS 150	Intro to Nutrition
_____EHS 160	Fitness and Wellness
_____EHS 220	Adapted Physical Activity (Diversity Course)
_____EHS 240	Prevention and Care of Sport Injuries
_____EHS 260	Physical Activity and Health (Diversity Course)
_____EHS 280	Statistics for Health Professionals (QR requirement)
_____EHS 310	Applied Kinesiology
_____EHS 340	Health Behavior Change (Social/Behavioral Science)
_____EHS 360	Wellness Coaching Techniques
_____EHS 490	Internship

Health Science Concentration students complete the following courses:

_____EHS 460	Advanced Topics I
_____EHS 470	Advanced Topics II
_____CHEM 115 & 117	Chemical Principles I
_____CHEM 116 & 118	Chemical Principles II
_____PSYCH 100	Intro to Psychology
_____EHS elective	
_____EHS elective	
_____Free Electives	

Fitness Instruction and Management Concentration students complete the following courses:

_____EHS 230	Strength and Conditioning
_____EHS 300	Fitness Assessment
_____EHS 370	Exercise Program Design
_____EHS 380	Exercise Physiology I
_____EHS 400	Practicum in Adult Fitness
_____EHS 440	Health Fitness Management
_____MGT 130	Intro to Business
_____AF 210	Financial Accounting
_____EHS elective	
_____EHS elective	
_____Free Electives	

Exercise Science Concentration students complete the following courses:

_____EHS 350	Obesity and Weight Management
_____EHS 380	Exercise Physiology I
_____EHS 390	Exercise Physiology II
_____EHS 410	Exercise and Aging
_____EHS 420	Pediatric Exercise
_____EHS 460	Advanced Topics I
_____EHS 470	Advanced Topics II
_____EHS 480	Clinical Exercise Physiology
_____EHS elective	
_____Free Electives	

Important Policies for EHS Students

- Each EHS student must attend a pre-semester advising session before registering for courses.

- To graduate, all students must:
  - Complete General Education requirements as outlined by the College of Nursing and Health Sciences and the EHS Department. These include ENGL 101 and 102, NURSING 107G or any other 100-level "G" course (for students entering with 0-29 credits), NURSING 212 or any CLA Intermediate Seminar, the Writing Proficiency Requirement (see pages 48-51), and distribution requirements.
  - Meet the EHS diversity requirements by completing EHS 220 and EHS 260.
  - Achieve a grade of C (2.0) or better in BIOL 207/208 and in all required courses designated as EHS. All concentrators must achieve a cumulative grade point average of 2.5 prior to placement in EHS 490.
  - Earn a total of 120 credits, 30 of which must be taken at UMass Boston.

- Students must meet all course prerequisites, along with any special requirements outlined in the UMass Boston *Undergraduate Catalog* and EHS *Student Handbook*.
- EHS 280 meets the university's Quantitative Reasoning Requirement.
- Only course work that fulfills an EHS requirement will transfer. To transfer, courses in the natural sciences must have been taken within ten years prior to matriculation. There is no time limit on other courses. Transfer acceptance of EHS courses is determined case by case.
- All courses taken in EHS major after a student has matriculated at UMass Boston must be taken through the EHS Department.
- Biol 207/208 and EHS courses required in a student's concentration may not be taken pass/fail.
- Non-EHS students may take EHS courses only if they meet the prereqisites and have the permission of the department.
- Students wishing to transfer into EHS from other UMass Boston majors should complete an intercollege transfer application and submit it to the EHS program coordinator in the departmental office. Intercollege transfer applications are available at The One Stop (CC-UL).

The Writing Proficiency Evaluation (WPE) for Students in CLA, CSM, and CNHS

The Writing Proficiency Evaluation (WPE) is an assessment of students' abilities as analytical readers, writers, and thinkers—abilities that students need in order to perform strongly and independently in upper-level courses. These habits of mind are vital parts of a liberal arts education.

The WPE, which meets a university-wide Writing Proficiency Requirement, must be completed by all undergraduate students in the College of Liberal Arts (CLA), the College of Science and Mathematics (CSM), and the College of Nursing and Health Sciences (CNHS), including the Exercise and Health Sciences (EHS) Department. Students can complete the WPE either by taking a timed-essay examination or by submitting a portfolio. The WPE is administered by the Writing Proficiency Office (WPO) located in the Campus Center (2nd floor, 2100 suite).

Please note that students in the College of Management and the College of Public and Community Service must also demonstrate proficiency in writing; this is done through other evaluation processes.

THE WRITING PROFICIENCY EVALUATION: TIMED-ESSAY EXAMINATION

This examination is offered two times a year, in January and June. Students have three hours to write an essay of eight to twelve paragraphs that answers a question based on a set of readings. You need to download the readings from the WPO website: www.umb.edu/academics/wpr. To prepare for the examination, you must study the reading set in advance, and bring it with you to the examination. A passing essay will demonstrate the student's thorough understanding of the readings, as well as an ability to analyze and synthesize the material, use evidence appropriately, form concepts, draw inferences, and construct a well organized response to the question. Each student who plans to take the examination must register for a specific reading set. When you download that reading set, the PDF will contain a registration ticket, which you must bring to the examination to be admitted. Before registering, you should preview excerpts from the three reading sets and choose the set you want to prepare; preview materials will be available at the WPO website (www.umb.edu/academics/wpr) one week before the registration period begins.

To register for the WPE, visit the WPO website and follow the registration instructions. You will need to send an email that contains your name and UMS number to the address on the registration page. You will get a reply that contains a username and password, so that you can download the password-protected reading set, which will be in a PDF file. Registration begins six weeks before the date of the examination (see the schedule for the upcoming semester on the following pages).

Note: The Writing Proficiency Evaluation is not the same as the English Placement Test, which students take when they enter CLA, CSM, or CNHS. College of Management students are required to take the Business Communication Assessment (BCA). Further information about this exam is in the CM website at www.management.umb.edu/undergrad/undergrad_bca.php.

THE WRITING PROFICIENCY EVALUATION: PORTFOLIO

A Writing Proficiency Portfolio has two components: first, one new essay that is based on a reading set and a question distributed by the WPO; second, course papers totaling at least 15 pages.

The new essay must be at least five full typed pages in length. On the cover page of the new essay students must write this statement: "I certify that this essay is entirely my own work and has not been revised or altered by anyone else." The statement must be signed by the student, verifying its truth.

The portfolio must have two to four supporting papers that are original graded papers from courses taken at UMass Boston. One of these papers must be at least five full pages long, and none of the papers can be less than three full pages long; the papers must total 15 complete pages of analytical writing. Additionally, you will need to certify your original graded papers. Each original graded paper must have attached to it a completed certification form signed by the instructor who graded it. Please start the process of certification as soon as you can; the closer it gets to the end of the semester, the harder it becomes to connect with instructors to get your papers certified. Although chairs may sign on behalf of a faculty member who is on leave or is no longer at the university if you provide them with the original graded paper, please be advised that department chairs are under no obligation to certify papers simply because you waited too long to seek the instructor's signature.

If you do not have an original graded paper, but you have an original paper stored on a drive, you may print out a copy of the paper and use it *if and only if:* a) the professor to whom the paper was submitted signs the certification form and writes "I remember that this is the paper submitted for the course"; and, b) the professor writes the original grade on the paper. (A department chair may sign the certificate only if the instructor is no longer here or is on leave; however, the chair *cannot certify a paper if it is not an original graded paper.)*

The new essay and the course papers must demonstrate proficiency according to the criteria outlined in the Elements of Writing Proficiency. Visit the WPO website to read a complete list of criteria for the portfolio and to download the necessary forms.

A reading set and a question will be available from the WPO website six weeks before the complete portfolio is due. Portfolio evaluations occur four times a year on specified dates in January, June, October, and March (see the schedule for upcoming semesters on the following pages).

Portfolios may be submitted on specified dates in January and June and also in October and March (see the schedule for the upcoming semester on the following pages).

DEADLINES

CLA and CSM: All students who are required to take an Intermediate Seminar (a 200G course) should complete the WPE after they have completed 60 credits and an Intermediate Seminar. As a rule, students must complete the WPE by the end of the semester in which they earn their 75th credit. Students who transfer to the university with 75 or more credits are the only exception to this rule; these students must complete the WPE by the end of their first semester, whether or not they are also required to complete an Intermediate Seminar.*

CNHS: Generic nursing students are to successfully complete the WPE before enrolling in NURSNG 310. RN Nursing students in the online program must do so before enrolling in NURSNG 461. EHS students must do so before enrolling in their internship, FHS 490.*

***Please see "What Happens if the Requirement is Not Completed on Time" on page 51.**

WAIVERS

Only students who have previously earned bachelor's degrees are eligible for waivers of the WPR.

A CLA or CSM student who has earned a bachelor's degree may apply for a waiver by presenting a complete copy of a transcript indicating completion of that degree, plus a portfolio of 15 pages of samples of analytical writing in English that were submitted for grades in pursuit of that degree. These requests for waivers are reviewed case by case. Waiver request forms are available in a downloadable PDF file at www.umb.edu/academics/wpr. Contact the WPO (CC-2-2100, 617.287.6330) for more information.

A CNHS student who has earned a bachelor's degree from a university that is not an English-speaking institution, and who wishes to apply for a waiver, is also required to submit a transcript indicating completion of that degree, plus 15 pages of analytical writing in English that were submitted for grades in pursuit of that degree. Interested students can submit the waiver request form (see above) or visit or call a CNHS student affairs specialist (S-2-013, 617.287.7500).

Please note!

- **The WPE deadline is important for you. For details, see "Deadlines" above and "What Happens if the Requirement is Not Completed on Time" on page 51.**
- **The Writing Proficiency Office runs workshops to help you prepare for the WPE. Please check the office website (www.umb.edu/academics/wpr) for times and locations. The workshops will discuss the "Elements of Writing Proficiency" and the Assessment Rubric that will be used to evaluate your writing. Both are available in downloadable PDF files at www.umb.edu/academics/wpr.**

WHAT HAPPENS IF THE REQUIREMENT IS NOT COMPLETED ON TIME

CLA and CSM: If you do not successfully complete the WPE by the end of the semester in which you earn 75 credits—or, if you have transferred with 75 or more credits, by the end of your first semester at the university—then you will be required to sign at least one formal learning contract with a counselor in the WP Office. The contract establishes a precise plan for the following semester to facilitate your success with the WPE. If you do not sign the contract, you will be suspended from the university.

You will be allowed two learning contracts. The first will limit you to 12 credits during the following semester; three of the credits will be a required writing course such as CRW Z282 or CRW Z283. If you attempt the WPE unsuccessfully at the end of this semester, you will be offered a second learning contract of twelve credits, including a required writing course. If you do not attempt the WPR at the end of this semester, you will be subject to suspension.

If you do not complete the WPE after two learning contracts, you will not be allowed to register for any course other than a writing course designed to help students having difficulty with the WPE.

If you have completed 75 or more credits but have not completed the WPE, you will not be allowed to transfer in additional credits until you have done so.

If you do not complete the WPE by the time you have accumulated 100 credits, you will have a hold put on your university account until your case has been reviewed individually. The consequences will be serious: you may be suspended from the university, or you may be restricted to a learning contract limiting you to six credits and two courses.

CNHS: Generic nursing students will not be allowed to register for NURSNG 310, RN nursing students will not be allowed to register for NURSNG 445 (or, if in the online program, NURSNG 461), and EHS students will not be allowed to register for EHS 490, unless they have successfully completed the WPE. If you fail to complete the WPE on time, you will be unable to make normal progress toward your degree.

GETTING HELP

- CRW 282 is an intensive reading and writing course that helps to prepare students to retake the WPR timed essay.
- CRW 283 is an even more intensive reading and writing course that allows students who do not have any supporting papers to write all three supporting papers for a WPE portfolio.

Registration in these courses is by permission of the instructor or the WP director only. For further information, visit or call or visit the WP Office (CC-2-2100, 617.287.6330)

The Diversity Requirement

UMass Boston believes that explicit study of the diversity of the world's peoples is an essential component of an undergraduate education. The university defines diversity broadly to include race, gender, culture (national origin, ethnicity, religion), social class, age, sexual origin, and disability. Attention to cultural and social groups previously ignored or marginalized in curricula helps students acquire analytical tools and knowledge with which they can understand human diversity in our complex and changing world, and strengthens their academic preparation by exposing them to a rich body of scholarship from a wide range of disciplines. All undergraduates at UMass Boston must therefore take courses that address human diversity as a major theme.

If you are in the College of Liberal Arts or the College of Science and Mathematics, there are two groups of courses to choose from. The courses in one group focus on diversity in the United States, those in the other have an international focus. If you enter UMass Boston with fewer than 60 credits, you must take one course from each group. If you enter UMass Boston with 60 or more credits, you must take one course, which can be drawn from either group. You can find a list of all courses that meet the diversity requirement on the following pages.

A number of courses that meet the requirement will be offered during the upcoming semester. These are identified in the schedule listings by symbols, as follows:

United States focus:

International focus:

If you are in the College of Management, you must complete one diversity course from the list on the following pages. The course can have either a US focus or an international focus. Please note that the College of Management requires you to complete an "international management" course. For more information, see pages 42-43.

If you are in the College of Nursing and Health Sciences, you will meet the diversity requirement automatically by taking courses required for the major.

If you are in the College of Public and Community Service, you will meet the diversity requirement automatically as you meet other college requirements.

COURSES MEETING THE DIVERSITY REQUIREMENT

CLA and CSM students entering with 0-59 credits must take *two* courses, one from Group A and one from Group B. Those entering with 60 or more credits must take *one* course, which can be drawn from either group.
CM students must take *one* course, which can be chosen from either group.

Please note: This list includes all courses that students may take to meet the Diversity Requirement. Courses to be offered in the upcoming semester are listed in the schedule section of this publication. For further information on the requirement, see the preceding page.

Please note: Courses designated "C" are no longer being taught, as the university continues development of its new general education curriculum. Some of the material in the "C" courses listed here is to be taught in other courses that are now being planned. For current information, please contact departmental offices.

Schedule of Undergraduate Courses

FOR FALL 2008

FIRST-YEAR SEMINARS

Students are required to take one and only one First-Year Seminar, if possible in their first semester at UMass Boston, and must register for the seminars through the University Advising Center.

First-Year Seminars meet part of the General Education Requirement for new degree-seeking students entering the College of Liberal Arts, the College of Science and Mathematics, and the College of Management (as of fall 2000), and the College of Nursing and Health Sciences (as of fall 2001), with 29 or fewer transfer credits. The courses are not open to other students. For further information, see page 32 and the subsequent pages about individual college requirements. For course descriptions of the seminars, see the latest *Undergraduate Catalog* or visit www.uec.umb.edu, where you can find links to the descriptions and other information.

COLLEGE OF MANAGEMENT

CM coursa offerings appaer below, depertmant by dapartmant. During tha aarly-accass registration pariod, CM courses era raserved for CM students. Tha only exception to this is that any studant mey register for AF 201 and MGT 130 during the aarly-accass ragistration pariod as wall. On July 21, UMass Boston studants who ara not in tha collaga ara invitad to anroll in any othar CM coursas for which thay heva mat course preraquisitas. Non-CM studants may self-registar for AF 210, AF 211, MSIS 110, end MSIS 111 (with propar praraquisitas); all othar CM courses will requira CM approval, which studants can obtain by complating e registretion request form in the CM Undergreduate Program Offica (M-5-603). Non-CM studants era limited to taking a total of 24 cradits in the Collage of Managemant. ACM 299 and MGT 490 are raserved for CM students only. Depending upon CM anrollmant, other clesses mey be restricted to managament studants only. Non-degrea studants may ragistar under tha seme conditions starting on a data to be datermined, likely in mid-August. For further information, visit or call the CM Undergreduate Program Offica (M-5-603; 617.287-7760).

About Class Locations

Information about locations of on-campus classes was not available when this publication went to press, but can be found in the WISER system (see page 7). We suggest that you use the "View My Class Schedule" function and print out your schedule, which will include the building, floor, and room number for each class.

What the Codes Mean

★ = Meets at or after 4:00pm

ccde = Course administered by the Division of Corporate, Continuing, and Distance Education (see pages 12-14).

tba = to be announced

Letters to right of course credits = Distribution areas (see pages 38-40).

or = Diversity course (see pages 51-54)

CM = CM international management course (see pages 42-43)

Braintree = Braintree High School
Copley = Snowden International School in Copley Square
Plymouth = Cordage Park Campus in Plymouth
Wakefield = Northeast Metropolitan Regional Vocational High School
Andover = Greater Lawrence Regional Vocational High School
Franklin = Tri-County Regional Vocational Technical High School
New Bedford = Greater New Bedford Regional Vocational High School

Computer Science (CS)

All new and continuing students who are registering for UMass Boston courses in either mathematics (up to MATH 140) or computer science (up to CS 110) are required to take the Mathematics Diagnostic Exam. The university uses this test to place students in the courses that will serve them best. Students without a satisfactory result on the exam will be dropped from math and computer science courses for which they register. Refer to the front of this publication for the test dates and times.

About Class Locations

Information about locations of on-campus classes was not available when this publication went to press, but can be found in the WISER system (see page 7). We suggest that you use the "View My Class Schedule" function and print out your schedule, which will include the building, floor, and room number for each class.

What the Codes Mean

★ = Meets at or after 4:00pm

ccde = Course administered by the Division of Corporate, Continuing, and Distance Education (see pages 12-14).
tba = to be announced

Letters to right of course credits = Distribution areas (see pages 38-40).
or = Diversity course (see pages 51-54)
= CM international management course (see pages 42-43)

Braintree = Braintree High School
Copley = Snowden International School in Copley Square
Plymouth = Cordage Park Campus in Plymouth
Wakefield = Northeast Metropolitan Regional Vocational High School
Andover = Greater Lawrence Regional Vocational High School
Franklin = Tri-County Regional Vocational Technical High School

Access to Your University Records

WHO HAS ACCESS TO WHAT

A federal law called the Family Educational Rights and Privacy Act of 1974 establishes the following regulations governing access to every student's UMass Boston records.

1. This Act sets forth requirements designed to protect the privacy of parents and students with regard to access, review or release of records maintained by educational institutions.

2. The Act permits current or former students to review the following documents: permanent academic record, admissions, financial, placement, veteran's, counseling, advising and disciplinary records.

3. Access to these records may also be granted to faculty and staff; your parents, if you are a student listed as a dependent on their federal income tax returns; authorized federal or state officials auditing education programs; and accrediting associations.

4. The following records may not be examined: parents' financial records; medical, psychiatric or psychological records; personal files of faculty or administrative personnel; law enforcement records held by law enforcement officials.

5. Directory information may be released to third parties without your written consent, provided you have been given the opportunity to withhold all such disclosure. Directory information includes your name, address, date and place of birth, major field of study, dates of attendance, degrees and awards conferred. As a public institution we must comply with any request for a list of our students. If you would like to insure that your name is not included on any list, please read "Your Right to Restrict Access" below.

6. Procedure for gaining access to records: Your request for access to a record should be made in writing to the office which maintains the record. The academic record is the only permanent record and is maintained in perpetuity. Medical records are retained by the Health Services Center for 30 years. Admissions records for all applicants must be held for three years.

7. Any questions and/or challenges concerning these matters should be addressed to the Office of the Vice Chancellor for Student Affairs (CC-4-4100).

YOUR RIGHT TO RESTRICT ACCESS

You have the right, as noted in paragraph 5 above, to withhold access to your directory information from any third party. To authorize such restrictions, you can use the Personal Portfolio function in WISER Student Self-Service. Once you have done so, no information can be released without your written consent.
